

산인 해안 지오 파구 지역 맵

교가미사키 갑
기둥 모양 균열이 생긴 암석가 경전을
해열한 것으로 보이는 갑.
교가미사키등대는 근대화 산업
유산으로 지정되어 있다.

A detailed map of the Sanin Kaigan Geopark area in Japan, spanning from the Kansai region through the Tohoku region. The map highlights various geological and coastal features, including the Sea of Japan coastline, numerous bays, and mountain ranges. It is overlaid with a network of roads, railroads, and major cities like Osaka, Kyoto, and Tokyo. Numerous red dots represent key geological sites, while blue dots indicate facilities like museums and observation points. A compass rose is located in the top right corner. A legend in the top right corner defines the symbols: red circle for primary geological sites, blue circle for facilities, green circle for viewpoints, and a blue square with a white 'P' for parking areas. A small cartoon character in the bottom left corner provides a friendly guide to the map's features.
